

Sample course schedule for a first year biochemistry student

IMPORTANT: This is only a sample designed from current 2018 options. There are several different schedule configurations possible depending on the actual time slot selected by the student. For example, CHMI 1006 is also available once a week on Monday from 4:00pm to 6:50pm. *PSYC 1105 is shown here as a possible elective course. Several other courses could be selected as an elective.
