Laurentian University is located within the territory of the Robinson-Huron Treaty of 1850 and recognizes its placement on the traditional lands of the Atikameksheng Anishnawbek, as well as its proximity to the Wahnapitae First Nation.
Welcome to Sudbury!

Choose your home away from home at the heart of a welcoming community.

As the Northern Ontario hub for health, education, arts and entertainment, business, government, mining and retail, the City of Greater Sudbury offers the unique advantages of a metropolitan city while remaining a truly tight-knit community. Combined with its enviable natural setting of freshwater lakes and boreal forests, it offers an outstanding quality of life.

- 330 lakes within the regional municipality
- 1,300 km of groomed multi-use trails
- 9 provincial parks within a short driving distance

Watch!

Take a scenic Tour of Bell Park in the heart of the city.
OUR CAMPUS

It’s an environment in which you will thrive.
Nestled among five freshwater lakes, our campus is minutes from the downtown area and comprises more than 765 acres of land that adjoin the vast Lake Laurentian Conservation Area. Nature is at the core of the University’s identity, and learning here, in this awe-inspiring natural environment, is a true pleasure for the senses.

8,000+ students enrolled

- 765 acres of conservation land to explore
- 60 renovated classrooms and teaching labs
- 5 freshwater lakes adjoining campus
- 13 research centres
- Plenty of new study and recreational spaces
- Outstanding campus location and facilities
- Panoramic views
- Private campus beach

LIFE IN RESIDENCE

We’re confident you’ll feel at home from the first day onward!

You’re well on your way to becoming a university student and chances are this will be your first time living on your own.

What you’ll find at Laurentian are flexible and comfortable residences that will feel like home – only better. Here, YOU get to design your own lifestyle. It’s the main reason so many students choose to live on campus.

Life in residence offers many advantages: a welcoming environment where you’ll meet students with shared interests, as well as close proximity to classes, health and fitness facilities, study spaces and a multiplicity of resources.

1,376 student spaces in residence

Residence activities to look forward to:

- Weekly dance fitness and yoga
- Sunday sports
- Residence hockey league
- Airbandz for Cancer
- LU’s Got Talent
- ResFest
- Annual baseball tournament
- Residence formal and awards
- Themed wellness weeks
- Floor activities and programs
- TGIFs-weekend substance-free social events

Watch!

Mihir Trivedi shares his experience of life in residence.

- Supportive, engaged community
- Safe and secure environment
- Doorstep transit service
- 100% of residence activities
- 24/7 access to staff
Residence Options*

As a Laurentian student, you’ll find plenty to do and experience. At Laurentian, we care about your well-being. We understand that a healthy lifestyle supports and strengthens academic success. Our world-class recreation centre and surrounding outdoor tracks, trails, and fields provide the perfect setting for all your wellness goals. Beyond the busy life on campus, you’ll find plenty to do and enjoy in your host city. Leisure activities run the full gamut from adventure and arts, all the way to yoga and paddle boarding. There’s something here for every aspect of your personality, interest, and energy level.

- 4 well-appointed multi-use gyms
- 35 km of multi-use trails
- 15m Tango Tower challenge course
- 8m climbing towers
- 400m outdoor track
- 200m indoor track
- 11 km ski trail system

The combined efforts of the student associations, student clubs, and residences make for a flurry of activities and events on and off campus.

The Student Centre serves as the hub between student living quarters, the main campus buildings and food services. It’s where you’ll find the SGA offices and information desk (V-Desk) as well as a photography studio and Old Rock Coffee shop. The functional space of the building features an atrium with study and lounge facilities, private study rooms, an open-concept games room and a clubs room. Full access to SGA members or through the purchase of a membership pass!

BALANCE YOUR LIFESTYLE

As a Laurentian student, you’ll find plenty to do and experience.
YOUR SUCCESS

Our students thrive in an environment that supports their academic success.

It all starts with a personalized approach to teaching, extensive infrastructure for individual student coaching and assistance, and genuine caring for each student’s wellbeing. Here, you will find a full complement of academic resources and supports:

- **Campus Security**
  - Year-round 24/7 service
  - Work Alone Program
  - Safe Walk Program
  - LUCERT Campus Emergency Response Team

- **Career and Employment Services**
  - Many job opportunities on campus

- **Centre for Continuing Learning**
  - Laurentian Online
  - 26 program options and 380+ courses fully delivered online
  - Ranked 2nd in Canada for online delivery (University Magazine 2021)

- **Daycare Services**
  - Laurentian Child and Family Centre
  - Garderie Touche-à-tout (Francophone)

- **Equity, Diversity and Human Rights Office**

- **Health and Wellness Services**
  - Registered nurses and nurse practitioners on staff and access to a primary care physician by appointment

- **Indigenous Sharing and Learning Centre**

- **International Student Services**

- **Liaison Services**
  - School visits, campus tours, Open House, academic pathways discussions

- **Library and Archives**
  - 1.5 million resources at the tip of your fingers!
  - Research workshops and assistance

- **Multi-faith Prayer Space**

- **Mylaurierntian Hub**
  - Admissions, Records, Fees and Awards

- **Pride@LU**

- **Printing Services**

- **Recreation**

- **Residence Life**

- **Safer Space Program**
  - Nurturing environment for our LGBTQ2S+ community

- **Student Success Centre**
  - Orientation, transition and advising support
  - Counselling and Accessibility
  - Learning Commons

- **Voyageurs/Varsity Athletics**

- **Women’s Centre**
VARSITY SPORTS AT THEIR BEST!
If you see yourself competing for the Voyageurs in our featured sports, we want to hear from you!

- Baseball (men’s only)
- Basketball
- Cross Country
- Curling
- Golf
- Indoor Track
- Nordic Skiing
- Rowing
- Soccer

Athletic Scholarships – As a Voyageur athlete, you will be dedicating a great deal of time to your studies, training and competitions, with fewer opportunities than most for part-time employment.

We recognize the importance of financial support for our athletes. Laurentian’s athletic scholarships and entrance bursaries are generous and wide-ranging. It is important to investigate them early on and determine how to qualify.

- 220+ Voyageur athletes
- 150 varsity events
- 17 varsity teams
- 12 national championships
- 63 provincial championships

GET READY TO MAKE SOME NOISE!

Watch!
Our Laurentian Voyageur athletes in action.

Make a point to join the legendary Laurentian Voyageurs PotBangers!
LA FRANCOPHONIE

38.7% of the Greater Sudbury community is fluent in both official languages

At Laurentian, 21% of the student population pursues studies in French. As such, the learning environment is ideal for Francophones, Francophiles and Anglophones to improve and enhance their language skills in Canada's two official languages.

► Scholarships and awards
► Cultural events and activities
► Research hubs
► Political engagement
► Networking and cultural engagement opportunities

Francophone Entrance Scholarship

$1,250/year

Available to high school students entering a French language program who are enrolled in a minimum of 24 credits of courses offered in French. To be admissible, students must have a minimum entry average of 80% in their best 6 4U/M courses or equivalent, including the required courses for their program of choice. For the Scholarship to renew annually, the student must maintain an average of 80% and be enrolled in a minimum of 24 credits of courses offered in French. The Scholarship is renewable for 3 years.

Certificate of Bilingualism

A valuable asset for your job search and career progression!

Laurentian offers you the unique opportunity to complement your degree with a Certificate of Bilingualism which highlights your language competencies and demonstrates that you are officially bilingual. To do so, you need to ensure that you acquire a minimum of 15 credits in courses offered in English or French — whichever is not your language of study — during your program at Laurentian.
ANISHINAABE CULTURE

Celebrating Anishinaabe culture and the sharing of traditions and knowledge are part of everyday life on campus.

As a Laurentian student, participation is easy and one of the best ways to create a wide network of friends.

Some of the favourite ISA events and activities include: Biidaabin, Orange Shirt Day, ISLC All-Nighter, Indigenous Student Celebration, Métis Cultural Day, Nakiiwin Tek, Red Dress Campaign, Moose Hide Campaign, Ceremony, cultural teachings, and workshops, academic workshops and mental health awareness.

Ongoing engagement opportunities include traditional ceremonies, language learning, storytelling, cultural workshops, lecture series, student project fairs, which are hosted by the Indigenous Student Affairs office and the Indigenous Students Circle.

Our campus is greatly enriched by an active and engaged Indigenous community and the shared learning approach of the Indigenous Student Affairs Office.
EXPERIENTIAL LEARNING

Choose meaningful learning opportunities beyond the classroom.

At Laurentian, we recognize that experience is essential to the success of our graduates entering the workforce. Experiential learning opportunities for our students are available in the form of enhanced leadership development, entrepreneurship and applied learning in varied settings to enhance their skill sets.

**The Foundry** – The Foundry is an innovation, entrepreneurship and leadership development program located within the spacious Jim Fielding Innovation and Commercialization Space at Laurentian. The centre aims to support Laurentian students, staff, faculty, and alumni as they strive to develop entrepreneurial, creative, and professional skill sets and launch entrepreneurial ventures on campus. In addition to open collaborative spaces and dedicated meeting rooms, users also have access to a Makerspace facility with 3D printers, SOLIDWORKS® as well as other design software, a CNC Mill and laser cutter for training and product development purposes. Stop by the Fielding Innovation Space or check out our calendar of events at foundry.laurentian.ca.

**Co-op Experience** – This extensive work-integrated learning experience offers students a chance to gain a full year of paid employment to complement their academic studies. Programs offering co-ops include: Architecture, Sports Administration, Computer Science, Engineering (Chemical, Mining and Mechanical streams), Sciences (Specializations in Chemistry, Biochemistry, Pharmaceutical Chemistry and Biochimie).

**Internships** – Internship electives pair students with employers to complete a 14- to 16-week placement. The format provides students with a chance to work in a professional environment and gain valuable experience while often leading to full-time employment opportunities following graduation.

**Research** – Laurentian offers many of its undergraduate students opportunities for research, thanks to small class sizes and outstanding professor to student ratio. Having a chance to learn with leading experts in the field in the early stages of your postsecondary journey is one of the unique, and powerful advantages of studying at Laurentian.

**How does experiential learning enhance your in-class education?**

- Gain professional work experience prior to graduation, resulting in enhanced career clarity and employability.
- Earn academic credit, and in some cases, wages while applying what you’ve learned.
- Strengthen interpersonal skills, self-confidence, and leadership abilities.
- Forge new relationships and create a network of professional and personal contacts.
- Connect and engage with prospective employers.

Discover additional opportunities for experiential learning at Laurentian including Work Study employment on campus, clubs, student associations, and more!
CUSTOMIZE YOUR DEGREE

Building and customizing your degree to include unique and/or complementary subject combinations can give you an advantage in the workforce.

We make it easy for you to pair subjects you are passionate about while setting you off on a path to a rewarding and fulfilling career. Embarking on a journey that combines your aptitudes and interests is the best way to ensure you are passionate about your future career. Loving what you do is how you will live your life to the fullest.

Each program has a certain number of required specialized courses that must be taken in order to successfully complete the program of study. Electives are courses that allow you to explore other areas of interest that can expand your career options. You can group electives into one field of study to enhance and/or complement your degree, thus creating minors, concentrations, and majors.

Sample degree combinations* in BA and B.Sc. programs:

<table>
<thead>
<tr>
<th>4 years</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Specialization (60 cr.) + 60 elective credits = 120 credits / 4-year</td>
</tr>
<tr>
<td>1 Major (42 cr.) + 1 Minor (24 cr.) + 54 elective credits = 120 credits / 4-year</td>
</tr>
<tr>
<td>1 Major (42 cr.) + 1 Major (42 cr.) + 36 elective credits = 120 credits / 4-year</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>3 years</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Concentration (36 cr.) + 54 elective credits = 90 credits / 3-year</td>
</tr>
<tr>
<td>1 Minor (24 cr.) + 1 Minor (24 cr.) + 42 elective credits = 90 credits / 3-year</td>
</tr>
</tbody>
</table>

* Minors can be added to any 3- or 4-year baccalaureate program. In order to graduate with a four-year degree, you must complete a minimum of 120 credits. The chart above reflects the average number of credits required to complete the customized degree option. Other combinations are possible. Please refer to each program for specific program requirements. Note: Laurentian typically offers 3-credit (semester long) and 6-credit (fall and winter semester) courses.

Consider your options and how your study path can allow you to create a niche for yourself in the workforce or take you exactly where you want to. This path starts at the undergraduate level and can lead to graduate studies or professional schools:

**CLIMATOLOGIST**
Specialization: Earth Sciences
Minor: Environmental Chemistry
Graduate Studies: Geology

**CLINICAL SOCIAL WORKER**
Specialization: Indigenous Social Work
Minor: Psychology
Graduate Studies: Master’s in Social Work

**COSMETIC CHEMIST**
Specialization: Chemistry
Minor: Business Administration
Minor: Sociology

**DENTIST**
Specialization: Forensic Science with Biology
Professional School: Dentistry

**URBAN PLANNER**
Specialization: Architectural Studies
Minor: Sociology
Graduate Studies (optional): Master’s in Architectural Studies

**PSYCHOMETRIST**
Specialization: Psychology
Certificate: Social Research Methods

*Supplemental fees may apply to certain courses in addition to tuition. Fees pertain to the 2022-2023 academic year. At the time of printing, tuition and incidental fees for the 2023-2024 academic year were not available. Please consult our website at laurentian.ca/fees-financing for up-to-date information.

• Note that tuition is based on the credit load (number and duration of courses).

Part-time students (fewer than 18 credits of study) and students with partial full-time (27-18 credits) loads are encouraged to consult our website for further breakdown of fees.

Laurentian’s ACADEMIC EXCELLENCE Awards
An entrance scholarship is guaranteed to all high school students entering their first undergraduate program if an average of 80% or more is obtained on their best six U/M courses.

95%+ Up to $16,000 over 4 years
90%+ Up to $12,000 over 4 years
85%+ Up to $6,000 over 4 years
80%+ Up to $4,000 over 4 years

Applying for bursaries and financial aid really does pay off!
With awards, campus jobs, and government funding options available, we can help you set a comfortable and manageable budget as you pursue your educational goals.

▸ Francophone Excellence Awards
80+ average/$5,000 over 4 years

▸ Academic Pathways Scholarships
80+ average/$1,000

▸ Ontario Student Assistance Program (OSAP) and other provincially funded education assistance programs

▸ Work on Campus – Jobs on campus with funding assistance from the Work Study Program

Note: In Canada, workplace language requirements may include English, French, or both. As a bilingual university, the Laurentian experience provides a similar environment and opportunities to expand your languages skills. Should you have any concerns in this regard, please contact our Liaison Office for details: info@laurentian.ca

*Admission selection is based upon overall submission criteria and not solely on minimum averages.
**See portfolio webinar and guidelines at laurentian.ca/architecture.
Step-by-step admissions

1. Verify your program ADMISSION REQUIREMENTS
2. APPLY ONLINE at OUAC
3. Review your ACKNOWLEDGEMENT EMAIL
4. Log-in to my.laurentian.ca with your student number
5. Apply for SCHOLARSHIPS and BURSARIES
6. Apply for RESIDENCE

To accept your offer, visit ouac.on.ca, log into your account, and follow the instructions to accept. OUAC will send your response to our Office of Admissions.

Note: In Canada, workforce language requirements may include English, French, or both. As a bilingual university, the Laurentian experience provides a similar environment and opportunities to expand your languages skill sets. Should you have any concerns in this regard, please contact our Liaison Office for details: info@laurentian.ca

Upon completion of an Arts degree, credits obtained must include 6 credits in each of the following 3 pillars: Linguistic Awareness, Indigenous Content, and Scientific Literacy. Consult our website at laurentian.ca/BArequirements – searching by program – for the complete list of courses that may be used to fulfill each requirement.

What you can expect:

- Interdisciplinary approach
- Customizable degree
- Small classes
- Supportive faculty
- Ability to achieve Certificate of Bilingualism
- Wide ranging career pathways
- Tight-knit program cohorts
- Engaging classes and individualized support
- Opportunities to study abroad
- Community volunteering
- Applied research
- Professional practicums
- Labs
- Travel
- Events and competitions
- Community placements
- Workplace projects

RILY DUMPUS
1st year, Criminology (BA)

"I am heading into my second year and the experience so far has been surreal. I always heard that the professors and peers here were always happy to help us achieve our goals and seeing it first hand has been remarkable and reassuring. There is no better feeling than being certain I’ll see new friendly faces in every class I take on."

Watch!
Rily’s first year takes top grade.

LAURENTIAN UNIVERSITY – FOR ALL THE RIGHT REASONS | 35
The Criminology program is unique in its focus on the relationships between social, economic, crime, and violence in contemporary society as well as on particular social groups in conflict with the law. Our program includes courses on the theories of criminology, the various institutions of the criminal justice system, explanations of crime, crime and culture, racial issues in conflict with the law. Our program includes courses on the theories of criminology, the various institutions of the criminal justice system, explanations of crime, crime and culture, racial issues in conflict with the law.

Sample career outcomes
- Law enforcement
- Insurance
- Human resources

Language: English

Degree options
- Bachelor of Arts in Criminal Justice (4-year)
- Major in Criminal Justice
- Minor in Criminal Justice

ECONOMICS, BA
Collect and analyze data, research trends, and evaluate economic issues. The program in Economics gives students a good understanding of economic theories and the analysis of economic problems and policies. Topics covered include Canadian economic policies and affordable housing, unemployment, inflation, and inequality; the economics of natural resource development and the economy of Northern Ontario; environmental policies and the cost benefit analysis of economic activities; monetary policy and the role and responsibilities of the Bank of Canada; and money, financial markets, and international trade.

Key features
- Understand economic policies involved in Northern Ontario and its largest industries.
- Learn from professors with a wide range of research interests including macroeconomics, labour economics, financial economics, international and comparative economics, alternative economic theories, resource economics, and the economies of Canada and Northern Ontario.
- Join the Economics Students' Association, which organizes social and networking events for students, such as lunches and movie evenings.

Sample career outcomes
- Assessment
- Insurance broker
- Investment broker
- Credit analyst

Language: English

Degree options
- Bachelor of Arts in Economics (4-year)
- Major in Economics
- Bachelor of Arts in Economics (3-year)
- Concentration in Economics
- Minor in Economics

ENGLISH – LITERATURE, MEDIA, AND WRITING, BA
Students in Laurentian University’s English Literature, Media, and Writing program read widely, learning how imaginative and persuasive writing convinces us that the worlds they depict could be real and that the claims they make are true. Students develop the skills needed to think critically about what they read and watch, becoming practiced in grasping and explaining how different forms of writing convey complex ideas and information in sophisticated ways. The English Literature, Media, and Writing program offers students composition-focused courses in science and health communication, creative writing, environmental communication, and documentary filmmaking.

Key features
- Learn to write organized and well-researched reports and essays – a fundamental skill that can be applied to a variety of fields.
- Master critical reading – a central skill in the attention-based economy.
- English literature and composition are teachable subjects for a duality of Education.
- This program prepares students for a wide variety of career outcomes in the public and private sectors.

Sample career outcomes
- Professional writing and communication
- Information management
- Film-making and video production
- Print and television journalism

Language: English

Degree options
- Bachelor of Arts (4-year)
- Specialization in English Literature, Media, and Writing
- Major in English Literature, Media, and Writing
- Bachelor of Arts (3-year)
- Concentration in English Literature, Media, and Writing
- Minor in English Literature, Media, and Writing

EQUITY, DIVERSITY AND HUMAN RIGHTS, BA (ÉQUITÉ, DIVERSITÉ ET DROITS DE LA PERSONNE, B.A.)
This program prepares students for careers in human resources, labour law, education, policy analysis, social work, community and advocacy services, and health care. Hosted in the Sociology department, this program draws elective courses from sociology, anthropology, gerontology, history, law and justice, political science, and psychology. Students can complete the entire program either in French or in English, or as a bilingual program.

Key features
- Choose your courses from the following areas: Indigenous relations, gender and sexuality, age, disability and mental health; language, religion, race and ethnicity. Acquaint yourself with the instruments that promote equality and social justice.
- Inclusivity training is woven deeply into the core of the program.
- The program can be completed either in English or in French or in a combination of both languages.
- Develop your critical thinking and communication skills.
- Prepare for the job market with a background in a wide array of disciplines.
- Also offered online.

Sample career outcomes
- Human resources
- Policy analysis
- Labour law
- Advocacy

Language: English/French

Degree options
- Bachelor of Arts in Equity, Diversity and Human Rights (4-year)
- Major in Equity, Diversity and Human Rights
- Bachelor of Arts in Equity, Diversity and Human Rights (3-year)
- Concentration in Equity, Diversity and Human Rights
- Minor in Equity, Diversity and Human Rights

FRENCH AS A SECOND LANGUAGE, BA
The French as a Second Language program is designed for students whose first language is not French and do not have a French background. This three- or four-year program leads to a Bachelor of Arts in French. The programs cover topics such as French literature, language, linguistics, and cultural expressions; while also taking advantage of the rich cultural activities available locally: theatre, poetry, cinema, international film festivals, music concerts, comedy shows, book launches, etc. Alongside their professors, students are immersed in various activities to improve their linguistic and cultural experience.

Key features
- Community partnerships have included: Théâtre du Nouvel-Ontario, l’Origine déchelée, Éditions Prise de parole, ACFAS-Sudbury, Radio-Canada, Le Voyageur, Le Loup FM, La Nuit sur l’Îlet, La Page en Scène, La Place des Arts, la Galerie du Nouvel-Ontario, Cinéfest International Film Festival
- Guest speakers have included: Jean-Marc Dalpé, Marcel Aymar, Geneviève Pineault (theatre); Michel Dallaire, Doric German, to name a few.
- Access to electronic language tools and resources
- Placements in the French cultural community in Sudbury

Sample career outcomes
- Education
- Public relations/Communications
- Public service
- Journalism

Language: English

Degree options
- Bachelor of Arts in French as a Second Language (4-year)
- Specialization in French as a Second Language
- Major in French
- Bachelor of Arts in French as a Second Language (3-year)
- Concentration in French as a Second Language
- Minor in French as a Second Language

GERONTOLOGY, BA
The aging population is booming across the globe. Pursue a degree that provides enhanced knowledge of age-related issues and skills to generate solutions. Gerontology is the study of older people and the issues associated with aging. The Gerontology program housed in the Faculty of Arts and is open to all BA students as a minor, concentration, major or specialization. Students learn using a multidisciplinary, intergenerational, and cross-cultural approach to aging. The curriculum is based on many disciplines, including psychology, biology, sociology, religious studies, ethics, sociology, and public policy.

Key features
- The only program of its kind at the University level in Ontario.
- A field in high demand due to a large demographic of aging adults in Canada.
- Students can gain employment as a Personal Support Worker (PSW) after their first year of studies.
- The program is delivered online in the 3- and 4-year BA degrees.
- The 40-hour internship course provides hands-on experience in the field.
• Numerous placement opportunities are available within the community - hospitals, long term care facilities, older adult care facilities, home service providers and retirement homes. “Block” courses are offered each spring. These 3-credit courses are offered in an intense one-week format.

Sample career outcomes
• Law and insurance
• Retirement home administration
• Occupational therapy
• Public health

Language: English

Delivery method: Online only

Degree options
• Bachelor of Arts in Gerontology (4-year)
• Specialization in Gerontology – Thesis stream
• Specialization in Gerontology – Non-Thesis stream
• Bachelor of Arts in Gerontology (3-year)
• Bachelor of Arts in Gerontology (2-year)
• Minor in Gerontology
• Certificate in Gerontology

INTERDISCIPLINARY STUDIES, BA (ÉTUDES INTERDISCIPLINAIRES, B.A.)
The program in Interdisciplinary Studies allows students to organize their own academic interests around a central theme or focus. Students will design their BA program with the guidance of the Interdisciplinary Studies in Arts Committee. The individualized course map will consist of a thematic field of interest with course options in three Arts disciplines, approved by the Committee and reviewed annually. This Major will be of particular relevance to self-motivated and mature students. Students must combine the 42-credit Major in Interdisciplinary Studies with one or two 24-credit Minors to complete their 4-year BA degree.

Key features
• Work closely with faculty members.
• Explore your interests to create a degree tailored to your interests.
• Follow your own individualized plan of study.
• Also offered online.

Sample career outcomes
• Non-profit service agencies
• Government agencies
• Community development agencies
• Corporate social responsibility
• Non-profit organizations

Language: English/French

Degree options
• Bachelor of Arts in Interdisciplinary Studies (4-year)
• Bachelor of Arts in Interdisciplinary Studies (3-year)
• Bachelor of Arts in Interdisciplinary Studies (2-year)

Additional requirements: Approval of a proposed individualized program by the Interdisciplinary Studies in Arts Committee.

LAW AND JUSTICE, BA (DROIT ET JUSTICE, B.A.)
The Law and Justice program promotes an understanding of why the law is as it is, its historical development, and its relationship to economic, social, and political ideas and conditions. This approach also distinguishes us from law schools, whose mandate is to prepare students for the practice of law in accordance with guidelines established by the Law Society.

Key features
• The program in Law and Justice is one of only a few in Canada in which one can study law as a complex human and social phenomenon.
• Students are encouraged to consider legal issues from a variety of disciplinary perspectives, both by the core faculty who all have interdisciplinary backgrounds, and through law-related courses in history, Indigenous studies, philosophy, political science, psychology, and sociology.
• The Ontario Ministry of Education recognizes law as a teachable subject.

Sample career outcomes
• Law school – Lawyer
• Education
• Law enforcement/Corrections
• Human resources

Language: English/French

Degree options
• Bachelor of Arts in Law and Justice (4-year)
• Specialization in Law and Justice
• Major in Law and Justice
• Major in Criminal Justice
• Bachelor of Arts in Law and Justice (3-year)
• Concentration in Law and Justice
• Minor in Law and Justice
• Minor in Criminal Justice

PSYCHOLOGY, BA/B.Sc.
(PSYCHOLOGIE, B.A./B.Sc.)
The program in Psychology provides a solid foundation in the scientific study of human behaviour and the related psychological, social, and biological processes. Psychology also offers an excellent opportunity to learn research skills. The program offers courses in forensic psychology, psychopathology, cognition, culture, emotion, adolescent and adult clinical psychology and much more. Want to get hands-on learning experience? You can earn course credits outside of the classroom with our practicum courses. Our faculty offer opportunities to learn how to use eye movements or brain waves to study human cognition, study stress and eating, analyze facial movements to detect deception, or study the impact of playing video games on our motor systems.

Key features
• Flexible degree opens doors to many different career possibilities.
• Work Integrated Learning Opportunities: Research practicums, lab-based courses, and volunteer opportunities.
• Opportunities for research with professors at the undergraduate level.
• Also offered online.

Sample career outcomes
• Non-profit agencies
• Hospitals
• Medical school
• Mental health related fields

Language: English/French

Degree options
• Bachelor of Arts in Psychology (4-year)
• Bachelor of Science in Psychology (4-year)
• Specialization in Psychology (BA or B.Sc.) (with or without thesis)
• Major in Psychology (BA or B.Sc.)
• Bachelor of Arts in Psychology (3-year)
• Concentration in Psychology
• Minor in Psychology
• Minor in Experimental Psychology
• Minor in Health and Disability
• Minor in Intergroup Relations
• Certificate in Social Research Methods

SOCIOMETRY, BA (SOCIOMETRIE, B.A.)
Study the society, including its origins, development, organization, networks, and institutions. The program in Sociometry offers students a solid foundation in qualitative and quantitative research methods and classical, modern, and contemporary social theories. Students may choose courses in child, youth, aging and the family, sexuality and disability, Indigenous peoples, cultural marginality, social inequality, and social problems; education and environment, immigration, globalization and laborization; labour studies; pop culture and social movements; and crime and the criminal justice system. Students learn how the social world operates and question their assumptions about society and social behaviour.

Key features
• Access your studies online and complete a concentration or minor.
• Prepare for the job market with a strong background in a wide range of research techniques and practical training in conducting meaningful research.
• Also offered online.

Sample career outcomes
• Policy analyst
• Program developer/evaluator
• Urban planner
• Human rights officer

Language: English/French

Degree options
• Bachelor of Arts in Sociology (4-year)
• Specialization in Sociology
• Major in Sociology
• Bachelor of Arts in Sociology (3-year)
• Concentration in Sociology
• Minor in Sociology
• Certificate in Social Research Methods
• Certificate in Family Studies and Human Sexuality

Did you know?

Laurentian also offers comprehensive professional development opportunities once you have graduated and are active in your profession.

"I am a recent graduate of the Bachelor of Education program and incredibly grateful for my experience here at Laurentian. Not only was I able to develop the necessary skills needed to pursue my career, I met some pretty amazing professors and peers! Thanks to smaller class sizes, getting to know professors and classmates was a lot easier than expected, and everyone was accommodating and supportive of my accessibility requirements. In-class learning combined with four placements provided substantial preparation for my future career in education. Practicums were geared to providing me with the most breadth of experience through varied grade levels, schools, and teaching subjects. Overall, my personal and professional growth combined with the friendships and connections I have established here have made my experience at Laurentian exceptional!"

Valerie shares her student journey in Education.

Valerie Clarke
Graduate, Éducation, B.Éd.
Laurentian University offers multiple professional pathways for completing a Bachelor of Education degree.

**EDUCATION, B.Ed. (Concurrent)**
Learn about yourself as you prepare to teach the next generation of eager students. Graduate a year ahead of most consecutive teacher education programs. Earn credits in specific subjects to be eligible to obtain certification to teach at senior levels after graduation. Gain hands-on experience through three undergraduate field-experience placements, and a month-long Initial Practicum immediately after fourth year. Placement opportunities include schools and organizations such as Frontier College, YMCA, Better Beginnings Better Futures, Best Start Hubs, and Learning Disabilities Association of Sudbury.

**PATHWAY 1 – B.Ed. Concurrent / 5 years (English program)**
- Multiple degree pathways.

**PATHWAY 2 – B.Ed. concomitant / 5 years (French program)**
- Students who choose to complete one of the concurrent pathways may obtain both a four-year undergraduate degree (120 credits) and their B.Ed. in just five (5) years.
- Students can complete their first year by taking online or on-site courses during their Bachelor's degree.
- This program prepares students to teach in the Junior/Intermediate (from grades 4 to 10). They must have obtained 18 credits (3 full courses) in a teachable subject.

**EDUCATION, B.Ed. (Concurrent)**

**PATHWAY 3 – B.Ed. concomitant / 2 years following successful completion of undergraduate program (French program)**
- Choose from one of two streams offered, primary/junior (JK-grade 6) or junior/intermediate (grades 4 to 10). For admission to the Junior/Intermediate program, 18 credits in a teachable subject obtained at the undergraduate level are required.

**PATHWAY 4 – B.Ed. concomitant hybrid / 3 years following successful completion of undergraduate program (French program)**
- Courses are offered online throughout the year, but students must attend in person for one week during the summer.
- This program prepares students to teach in the Junior/Intermediate (from grades 4 to 10). They must have obtained 18 credits in a teachable subject.

Consult laurentian.ca/program/education/pathways for more detailed information.

**EDUCATION, B.Ed. (Concurrent)**

**Key features**
- The Concurrent Education program with the most program combination options in Ontario.
- Complete 2 bachelor degrees in 5 years.
- Apply new skills and knowledge in real-world experiences and with your professors.
- Complete your practicum in French language schools.

**Sample career outcomes**
- Teacher
- College instructor
- Museum educator
- Graduate studies

**Language:** French

**Degree option in Junior-Intermediate**
- Baccalauréat spécialisé en éducation (5-year)
- Baccalauréat spécialisé en sciences* (5-year)
- Baccalauréat en éducation physique et santé* (5-year)
- Baccalauréat spécialisé en grands écoles (5-year)
- Baccalauréat spécialisé en service social* (5-year)

*Consult laurentian.ca/program/education/pathways for the complete list of program options.

**ÉDUCATION, B.Ed. (consécutif)**

French pre-service teacher education is a two-year program that prepares students to acquire certification to teach in Ontario French-language schools. It aims to help new teaching staff in the Province of Ontario.

**Key features**
- This pre-service teacher training program is offered in a hybrid format and is the only program of its kind in Ontario.
- The hybrid format is divided into three years of part-time study, which allows you to work while completing the program.
- Courses are offered online throughout the year, but students must attend in person for one week during the summer.
- Practicum can be done in any French-language school in the Province of Ontario.
- This hybrid training program prepares students to become authorized to teach in Ontario's French-language schools.
- This program prepares students to teach in the Junior/Intermediate (from grades 4 to 10). They must have obtained 18 credits (3 full courses) in a teachable subject.

**Sample career outcomes**
- Teacher
- College instructor
- Museum educator
- Graduate studies

**Language:** French

**Degree options**
- Pre-service teacher training: Primary/Junior – JK to grade 6 (Option 1)
- French pre-service teacher training: Junior/Intermediate – grades 4 to 10 (Option 2)

**ÉDUCATION, B.Ed. (consécutif hybrid)**

At Laurentian, you will find everything you need to develop your teaching skills. To enroll in the Baccalauréat en éducation hybrid program in French, you must have completed a university degree and pass a written and oral language test in French. Apply now through the Universités du Québec à l’Ontario (QUAO).

**Admission criteria**
This program is for individuals who have completed a bachelor’s degree from a Canadian university or equivalent degree from abroad recognized by Laurentian University and are pursuing a career in teaching.

**Key features**
- This program is divided into three years of part-time study, which allows you to work while completing the program.
- Courses are offered online throughout the year, but students must attend in person for one week during the summer.
- Practicum can be done in any French-language school in the Province of Ontario.
- This hybrid training program prepares students to become authorized to teach in Ontario's French-language schools.
- This program prepares students to teach in the Junior/Intermediate (from grades 4 to 10). They must have obtained 18 credits (3 full courses) in a teachable subject.

**Sample career outcomes**
- Teacher
- College instructor
- Museum educator
- Graduate studies

**Language:** French

**Degree options**
- Pre-service teacher training: Junior/Intermediate division, from grades 4 to 10 (Option 2) (60 credits)

Did you know?

A new Peer Wellness program at Laurentian is fostering peer support relationships amongst students dealing with mental health challenges. Shared experiences and coaching techniques alleviate stigma and enable self-help pathways to better mental health.

“One of my goals was to attend Laurentian University, and more specifically, the Orthophonie (speech-language pathology) program. Choosing Laurentian was inevitable, since it is the only Canadian university offering this program in a bilingual format, in both French and English. It is a practical and theoretical program that opens doors to several other specialities at the graduate level. During our years of study, we were trained by professors who relayed their knowledge and know-how, and supported us so we could become health professionals worthy of this profession.”

MERIEM EL ATTAR
Graduate, Orthophonie, B.Sc.S.
HEALTH PROMOTION, BHPE
Accredited by the Canadian Council of University Physical Education and Kinesiology Administrators – CUCPEKA-CCAEPEK
Become a leader in health and wellness with a well-rounded approach toward community health and health education. Learn the skills required for health promotion, health sciences, and teaching, with the ability to minor in the arts or sciences. Gain an understanding of international health issues with the Health Promotion Without Borders program. This program’s innovative curriculum uses a well-rounded approach and hands-on experience to give you the skills needed to work in various areas of health promotion.
Key features
• Get hands-on training and academic credit with the Health Promotion Without Borders program, while travelling to exotic locations like Kenya, Zambia, Zimbabwe, Mongolia, Costa Rica, and Ecuador.
• This program can be studied in conjunction with the Concurrent Education program. Take advantage of an internship and a health promotion seminar to gain practical experience.
• Learn how to create health-related programs to educate and benefit the community.
• Gain exposure to outdoor leadership experiences via our Outdoor School programming.
Sample course outcomes
• Child welfare
• Mental health
• Emotional services (provincial/federal)
• Community development
Language: English
Degree options
• Honours Bachelor of Indigenous Social Work (CASWE-ACFTS Accredited)
• Minor in Indigenous Healing and Wellness (not for Indigenous Social Work students)

KINESIOLOGY, BHPE (KINÉSIOLOGIE, B.E.P.S.)
Accredited by the Canadian Council of University Physical Education and Kinesiology Administrators – CUCPEKA-CCAEPEK
Regular sports and physical activities improve physical and mental health. For this reason, the need for qualified professionals in society to oversee the practice of these activities is on the rise. Acquire the skills and abilities needed to respond in the fields of physical education, sport, health, and wellbeing. Our graduates develop qualities and skills required to become leaders in various professional sectors such as education, health, leisure, sports, outdoors, etc.
Key features
• Enjoy one of the best faculty/student ratios in the province.
• In addition to the physical education and health courses, you can choose 45 credits in another discipline for your own training.
• Students admitted to the program have a sports background at various levels and want to work in the field of physical activity and health.
• Enjoy your studies in newly renovated, state-of-the-art facilities.
• This program can be studied in conjunction with the Concurrent Education program.
• Theoretical courses, internships, sports activities, and laboratories are offered to prepare you for a number of careers.
Sample course outcomes
• Education
• Fitness training
• Recreational activities
• Medical and para-medical studies
Language: English/French
Degree option
• Bachelor of Physical and Health Education

INDIGENOUS SOCIAL WORK, HBISW
Accredited by The Canadian Association for Social Work Education (CASWE-ACFTS)
Gain knowledge and skills from an accredited program leading to registration and a license from the provincial social work Education and Kinesiology Administrators – CUCPEKA-CCAEPEK
Develop and increase your knowledge and skills to work with Indigenous peoples and all non-Indigenous communities. Develop and increase your knowledge and skills required to become leaders in various professional sectors such as education, health, leisure, sports, outdoors, etc.
Key features
• Child welfare
• Mental health
• Emotional services (provincial/federal)
• Community development
Language: English
Degree options
• Honours Bachelor of Indigenous Social Work (CASWE-ACFTS Accredited)
• Minor in Indigenous Healing and Wellness (not for Indigenous Social Work students)

KINESIOLOGY, B.Sc. (KINÉSIOLOGIE, B.Sc.)
Accredited by the Canadian Council of University Physical Education and Kinesiology Administrators (CUCPEKA) and recognized by College of Kinesiologists of Ontario (KINÉSIOLOGIE, B.E.P.S.)
The Kinesiology program allows you to study the scientific principles of human movement such as anatomy, physiology, exercise physiology, biomechanics, motor control, ergonomics, and exercise prescription. Enhance your skills with an optional major research project or applied internships in rehabilitation, ergonomics, and gerontology in the final year of the program. Gain hands-on experience in both laboratory and classroom environments.
Key features
• Practice your skills in brand new lab space designed specifically for Kinesiology students.
• Learn to guide healthy movement through ergonomics, rehabilitation, and physical therapy.
• Complete an internship for hand-on experience and have the opportunity to enhance your degree with an undergraduate thesis course.
• Tailor your degree and pursue your areas of interest.
Sample course outcomes
• Rehabilitation and exercise therapy
• Ergonomics and health and safety
• Health and fitness consultant
• Sport equipment technology and design industries
Language: English/French
Degree option
• Bachelor of Science in Kinesiology

NURSING, BScN
Accredited by the Canadian Association of Schools of Nursing (CASN) (also see Sciences infirmières p. 48)
The Laurentian University English BScN program has been educating and preparing students to enter the nursing profession for over 50 years. In the undergraduate curriculum, students will engage in classroom, laboratory, and clinical learning experiences. Students will have the opportunity to practice nursing within a variety of settings and with diverse populations. Graduates of the BScN program will be prepared to meet entry to practice competencies and standards, engage in self-directed professional practice, and make professional decisions guided by evidence informed nursing knowledge using clinical reasoning and critical thinking.
Key features
• Clinical experiences begin in Year 1.
• Nearly 1,000 hours of practical, hands-on experience through placements.
• Small class, laboratory, and clinical groups.
• Clinical opportunities in both acute care and community settings.
• A minimum intake of six seats is designated each year for First Nations, Métis or Inuit students.
• Option to do an undergraduate thesis (Master of Science in Nursing: Thesis or Nurse Practitioner Stream).
Sample course outcomes
• Nursing
• Graduate studies
• Teaching
• Health administration
Language: English
Limited enrolment
Degree options
• Bachelor of Science in Nursing (4-year)

Program requirements (included but not limited to):
• Proof of immunization
• Criminal Record Check (Vulnerable Sector)
• Standardized Aid and CWP Level BLS (Basic Life Support)
A detailed list of all program requirements is made available to applicants upon their acceptance to the English BScN program.
The Laurentian University 4-year BScN degree is offered at the following College sites:
• Northern College of Applied Arts and Sciences
• Sault College of Applied Arts and Science
BScN Collaborative College Partnerships: apply through ontariocollege.ca

ORTHOPHONIE, B.Sc.S.
Accredited by The Council for Accreditation of Canadian University Programs in Audiology and Speech-Language Pathology – CACUP-ALSP
The French-language speech-language pathology program takes an interdisciplinary approach to studying human communication disorders, all while making connections between the human, social, natural, physical, and cognitive sciences. The goal of this unique program is to train clinicians who can conduct thorough analyses of language, speech, and voice disorders, including resonance disorders, stuttering, dysphagia, neurological communication disorders, child development disorders and cognitive linguistic issues in adolescents and adults.
After completing this four-year program and a two-year master’s degree, the student is prepared to enter the workforce as a competent speech-language pathologist. The four-year (specialized) program leads to a Baccalauréat en sciences de la santé (B.Sc.S.) on Orthophonie. A master’s degree in the field is required to become a practicing professional in Ontario (calpso.com), in Canada (oasc.ca), and around the world. The master’s degree is also offered at Laurentian.
Key features
• The undergraduate degree in Orthophonie is the only program of its kind offered in French in Canada.
• The Orthophonie program is supported by the Consortium national de formation en santé (CNFS).
• Although the program is taught in French, some courses are also offered in English, and required readings are mostly in English. This combination, along with laboratory activities, prepare students to work in both languages.
• This undergraduate degree can open the door to many professions, including in the areas of audiology, occupational and physiotherapy, and psychology. You can become a speech and language pathologist with the master’s degree in this field.
• The Orthophonie team is committed to cultivating a dynamic environment that is conducive to learning so that you can explore everything this discipline inspires in you.
Sample course outcomes
• Speech-language pathology
• Linguistics
• Orthopedagogy
• Education
Language: French
Degree options
• Baccalauréat en sciences de la santé en Orthophonie (4-year)
**OUTDOOR ADVENTURE LEADERSHIP, BPHE**

Gain valuable leadership skills, be market-ready and driven to succeed, with some of the best outdoor leadership training in Canada. Get hands-on experience and earn provincially and nationally recognized technical certifications in canoe tripping, river rescue, rock climbing, lifesaving and wilderness emergency first aid. You will complete an internship with leading outdoor adventure industries and lead a multi-week expedition. Self-motivated and passionate students will excel in the small, interactive classes, focusing on leadership, guiding, and instructing in remote or austere environments.

**Key features**
- Small class sizes and interactive classroom environments.
- Several hours of practical, hands-on experience earned through internships.
- Explore beautiful Northern Canada during a 14-day, 250-450 km canoe trip or a chance to endeavour in an international expedition as part of your year up studies.
- Take advantage of the opportunity to obtain several internationally recognized certifications.

**Sample career outcomes**
- Wilderness/International expedition guiding
- Adventure activity instruction
- Outdoor education
- Corporate adventure training and teambuilding

**Language:** English

**Degree options**
- Bachelor of Physical and Health Education (120 cr.)

---

**SCIENCES INFIRMIÈRES, B.Sc.Inf.**

Accredited by the Canadian Association for Schools of Nursing (RCSAO) (Also see Nursing p. 47) Choose nursing and contribute to the viability and quality of Canada’s healthcare system. The nursing profession offers opportunities for specialization, leadership, and decision-making in several health settings, such as hospitals, community healthcare agencies, industry, schools, and homecare. Receive training that is focused on care, health promotion and disease prevention for individuals, families, and communities. Further, at Laurentian, you can take all of your nursing courses in French.

**Key features**
- Over 1,000 hours of practical, hands-on experience through placements.
- For more than 50 years, the School of Nursing has excelled at training students to become registered nurses who are dedicated to their profession.
- There are 35 spots in this limited enrolment program, allowing students to benefit from small class sizes as well as small lab groups.
- Placements in health care settings start as early as first year. The clinical placements often occur in English settings, thus the ability to communicate in English for patient safety is essential.
- At least four spots are set aside for Inuit, Metis and First Nation students.

**Sample career outcomes**
- Home care
- Nursing
- Teaching
- Health administration

**Language:** French

**Delivery method:** Classroom

**Limited enrolment**

**Degree option**
- Accréditation du Sciences infirmières

**Program requirements**
- Proof of Immunization
- Criminal Record Check (Vulnerable Sector)
- First Aid and CPR Level HCP (Health Care Provider)

If you are already a Registered Practical Nurse (RPN), you can complete your B.Sc.Inf. in 3 years*. After you have successfully completed your first year, you are integrated into the 3rd and 4th year of the existing program.

*Pending CNO approval.

---

**SERVICE SOCIAL, B.S.S. Spéc.**

Accredited by the Canadian Association for Social Work Education (CASWE) Tackle social inequities based on culture, age, gender, sexual identity, religion, health status, political affiliation, socioeconomic status and ethnicity or language. Help advocate for, and promote, social justice and the respect of the rights and freedoms of individuals and communities. Social work is a diverse field, and professionals in the field work with individuals, couples, families, small groups, and communities in a variety of contexts and settings, such as child welfare agencies, mental health and addiction centres, schools, hospitals, culture-specific services, and private practice. They also take part in social outreach, community development and social planning on a community level.

**Key features**
- Over 700 hours of practical, hands-on experience through placements.
- Program accredited by the Canadian Association of Social Work Education (CASWE).
- French-language program offered on the Sudbury campus and online through distance education.
- Precious practical work experience acquired through 700 hours of practicum in professional settings.
- Unique opportunity to study and practice in Northern Ontario's multicultural communities.
- Certificate in Women's Intervention also offered.
- Program supported by the Consortium national de formation en santé (CNFS).
- Unique opportunity to enroll in a joint degree program in social work and education (concomitant): B.S.S. Spéc./B.Ed.

**Sample career outcomes**
- Child and family services
- Social work practices
- Addiction treatment centres
- Human rights and freedom advocacy

**Language:** French

**Degree options**
- Baccalauréat spécialisé en service social (4 years)
- Certificate in Intervention auprès des femmes

**SOCIAL WORK, HB5W**

Accredited by The Canadian Association for Social Work Education (CASWE-ACFCS)

Pursue a career in making society a better place for everyone. Working holistically, you will have the opportunity to promote positive change with individuals, couples, families, and communities. Work with community organizations, local, provincial, and federal government policies, and social movements to level the playing field and give people opportunities to grow and develop into their best selves. Small class sizes and opportunities to work closely with peers and professors within a Northern Ontario context are keys to student success.

**Key features**
- Over 700 hours of practical, hands-on experience through placements.
- Program is recognized and accredited by the Canadian Association of Social Work Education (CASWE) and leads to a provincial social work registration and license from the Ontario College of Social Workers and Social Service Workers (OCSWSSW).
- Unique opportunity to enroll in a joint degree program in Social Work and Education: HB5WB.Ed.
- Receive hands-on, practical work experience with 700 hours in professional settings with a wide variety of placement opportunities.
- Unique geographic location offers an exceptional experience studying and working in Northern Ontario's multicultural communities.

**Sample career outcomes**
- Child and family services
- Social work practices
- Addiction treatment centres
- Human rights and freedom advocacy

**Language:** English

**Degree options**
- Honours Bachelor of Social Work (4-year) (CASWE-ACFCS Accredited)
- Honours Bachelor of Social Work and Education (Concurrent)

**SPORT PSYCHOLOGY, BA**

**(PSYCHOLOGIE DU SPORT, B.A.)**

Study how exercise and stress affect our wellbeing on a physical and social level. Study with internationally renowned sport and exercise psychology researchers and practitioners in the only program of its kind in Canada. Discover how participation in sport and exercise affect people psychologically and physically. Gain experience and knowledge that can be applied to many professional workplace settings. Work with athletes, coaches, and parents on a variety of topics including injury, rehabilitation, communication, team building, and career transitions. Take advantage of small class sizes and study with internationally known sport and exercise psychology researchers.

**Key features**
- One of few programs of its kind in Canada.
- This program can be studied in conjunction with the Concurrent Education program or continue your studies at the graduate level in the master's program.
- Gain hands-on experience by completing internships in the community.
- Get practical experience working with coaches and teachers in the field, psychological assessment protocols, stress management techniques, conflict resolution, motivation and group dynamics, goal setting, and cultural studies.

**Sample career outcomes**
- Sport psychologist
- Sport psychology consultant
- Education
- Coaching

**Language:** English/French

**Degree options**
- Bachelor of Arts in Sport Psychology

### Did you know?

As a discipline of study, Business Administration is widely popular for its breadth of options, career outcomes and unlimited potential, as well as for the ongoing market demand for graduates worldwide. As such, our Business Administration programs attract students from around the globe. Here at Laurentian, you will find that international peers provide invaluable experience and context that enrich the classroom learning environment.

---

**ALEXIE FOUCault-FOREST**

2nd year, Business Administration – Human Resources (BBA)

> "Throughout my years in the BBA in Human Resource Management program, I’ve had many opportunities to learn from excellent professors who have a lot of experiences to share with students. They make learning interesting and engaging while ensuring student learning and success. My favourite experience as a student was when I was able to apply the material learned in class to a real-life situation as an HR Recruiter and share my point of view and my learning experiences with other students.”
BUSINESS ADMINISTRATION, BBA  
(ADMINISTRATION DES AFFAIRES, B.A.A.)  

Degree options – French  
EPAS Accredited (by EFMD)  
Prepare for a career in management in a large company or, better yet, in your very own business. The flexible business administration program, with an option to study part-time, focuses on developing skills that will allow you to take on management positions in the ever-changing world of business. Become an expert in a specific field: finance, entrepreneurship, marketing, international management, accounting, human resource management or operations management. Contribute to research projects and leave your mark on your community.  

Key features  
• Benefit from practical field experience through an internship.  
• Study in small classes, which allow for more interaction among students and direct access to professors.  
• The business administration program – in addition to developing knowledge of businesses and operations – promotes critical thinking, analysis, and assessment skills, problem-solving, oral, and written communications, and teamwork. All these skills will help you better understand and take part in the evolution of the ever-changing business world and give you greater insights on challenges faced by business as you prepare to assume management roles.  
• Also offered online for part-time studies.  

Sample career outcomes  
• Self-employment  
• Public service  
• Finance/banking and investment companies  
• Marketing, international management, accounting, human resource management or operations management  

Language: English/French  

Degree options – English

• Option in Accounting  
• Option in Finance  
• Option in General Management  
• Option in Human Resources Management  
• Option in Marketing  

Degree options – French  
• Baccalauréat en Administration des affaires (B.A.A.)  
• Option in Finance  
• Option in Comptabilité  
• Option in Entrepreneuriat  
• Option in Gestion générale  
• Option in Gestion internationale  

Minors  
• Accounting  
• Business Administration  
• Entrepreneuriat (French only)  
• Finance  
• Human Resources Management  
• Gestion internationale (French only)  
• Marketing  

Internship  
The internship elective pairs students with an employer to complete a 14-16-week placement. This format provides students with a chance to work in a professional environment, to gain valuable experience while often leading to full-time employment opportunities following graduation. The internship is completed in one placement course (6 credits) and is available to students who complete their courses with a minimum 70% average.  

ACCOUNTING BBA  
As a pathway to the Chartered Professional Accountant (CPA) designation, the Faculty of Management is committed to working with the CPA Association to ensure broad career opportunities for its graduates. The Bachelor of Business Administration in Accounting program provides the flexibility of multiple career options across the globe.  

Sample career outcomes  
• Chartered professional accountant (CPA)  
• External auditor  
• Tax advisor/ taxation specialist  
• Controller  

FINANCE BBA  
The program offers courses in corporate finance, investment management, portfolio management, financial institutions management, international finance, as well as many other specialization courses. Finance graduates are prepared for careers in a wide-ranging roles and scope of responsibility in both the public and private sectors.  

Sample career outcomes  
• Insurance agent/Underwriter  
• Financial analyst/Financial planner  
• Finance executive  
• Wealth management  

HUMAN RESOURCES MANAGEMENT BBA  
The program prepares graduates for careers in all aspects of human resource management, focusing on developing skills that will allow you to take on human resource management or operations management. Contribute to research projects and leave your mark on your community.  

Sample career outcomes  
• Human resource management specialist  
• Occupational health and safety  
• Risk assessment specialist  

MARKETING BBA  
The program prepares graduates for careers in all aspects of marketing, within all organization types – consulting firms, all service and industrial sector firms, government, public agencies, as well as private enterprise. Specialized courses emphasize hands-on experiential, creative and innovative activities within partnering organizations where students get to work on real situations in real time. Courses in venture initiation and venture launching have allowed students to start their own marketing or communications/production firms while earning their degree credits.  

Sample career outcomes  
• Sales representative  
• Purchasing agent  
• Client account manager  
• Advertising and Public relations manager  

SPORTS ADMINISTRATION, H.B.Com. SPAD  
EPAS Accredited (by EFMD)  
Get on the high road with opportunities from industry and organizations exclusive to Laurentian students. Learn from a program designed by Canadian sport leaders and Laurentian professors with nearly 50 years of alumni and industry contacts. Combine training in business with a foundation in sport theory and practical experience in sport management. Approach sport administration from many angles such as finance, statistics, management science, economics, accounting, human resources, sport marketing, operations management, sport law, sport media, championship selling, communication, and analytics. Gain real-world experience during a four- to eight-month internship with businesses such as Toronto Maple Leafs, Hockey Canada, and others.  

Sample career outcomes  
• Professional sport organizations and leagues  
• International, national and provincial sport organizations  
• Sport sponsorship agencies  
• Athlete representation agencies  

Language: English (some courses also offered in French)  

Degree options  
• Honours Bachelor of Commerce SPAD (120 credits)  
• Option in Finance  
• Option in Human Resources Management  
• Option in Marketing  
• Specialization in Applied Sport Operations (for SPAD students only)

Key features  
• The only degree of its kind in Canada where students earn an H.B.Com. in Sports Administration.  
• The H.B.Com. SPAD degree at Laurentian holds EPAS international accreditation awarded by the European Foundation for Management Development (EFMD) – the leading European accreditation organization in Management Education.  
• Gain real-world experience and possible job opportunities through industry consulting as you research, analyze, develop, and deliver industry recommendations to executives and boards.  
• Benefit from a well-connected network of alumni and industry executives.  
• Take advantage of the training and knowledge gained from a 4- to 8-month internship in a variety of industries, locally and internationally.  
• Work collaboratively with a professional sports organization in the fourth-year consulting trip. Past destinations include New York City, Chicago, London (England), and Lausanne (Switzerland).

SCIENCE, ENGINEERING
and ARCHITECTURE

Our Programs

Architectural Studies (BAS) .................................. p. 56
Behavioural Neuroscience (B.Sc.) .................... p. 56
Biochemistry (B.Sc.) ........................................ E/F p. 57
Biology (B.Sc.) ................................................ E/F p. 57
• Biomedical Biology (B.Sc.) ................................ E p. 57
• Zoology (B.Sc.) ............................................. p. 62
Chemistry (B.Sc.) .......................................... p. 58
Computer Science (B.Cosc.) ............................ p. 58
• Game Design (B.Cosc.) .................................. p. 58
Earth Sciences (B.Sc.) ...................................... p. 59
Engineering (B.Eng.) ......................................... p. 59
• Chemical (co-op) (B.Eng.) ................................ p. 60
• Mechanical (co-op) (B.Eng.) ........................... p. 60
• Mining (co-op) (B.Eng.) .................................. p. 60
Forensic Science (B.Sc.) ................................... p. 61
Interdisciplinary Science (B.Sc.) ...................... E/F p. 61
Pharmaceutical Chemistry (B.Sc.) .................... p. 61

What you can expect:
- Extensive hands-on labs, starting in 1st year
- Multidisciplinary, interdisciplinary, transdisciplinary
- Moderately sized classes allow for faculty/student engagement and individualized support
- Accreditation standing where applicable
- Co-op opportunities in many programs
- Access to research-grade equipment
- Field work experiences
- Connectivity with community partners
- Research experience at the undergraduate level
- Opportunities to interact with graduate-level students
- Access to leading research centres (Vale Living with Lakes Centre, Perdue Analytical Centre, The Foundry – ideation and innovation spaces)
- Dedicated laboratories (science and engineering), workshops (engineering and architecture) and studio spaces (architecture)
- Relevant summer work opportunities
- Faculty-level student clubs and amenities
- Numerous graduate study opportunities

Did you know?
Lab time dedicated to undergraduate study at Laurentian is significant and one of the most advantageous features for students as they head into the workforce.

Jeremy Nosich
4th year, Forensic Science (B.Sc.)

“...The faculty members in the Forensic Science program at Laurentian are outstanding. Not only are they very knowledgeable, but they also have impressive credentials in the field. They are very approachable and down to earth, and foster a sense of community among the students in the program.”

Jeremy is honing his expertise in a fascinating field of study.
Canada's newest architecture school in over 45 years, the McEwen School of Architecture is located at the crossroads of the City of Greater Sudbury in the downtown core. The School's award-winning building and campus provides an unfoiling experiment in emerging pedagogies and diverse cultures. Its unique architecture program highlights design and culture for northern Canada with an emphasis in developing expertise in wood construction technologies. For additional information about the McEwen School of Architecture, please visit mcewenarchitecture.ca.

**ARCHITECTURAL STUDIES, BAS**

Accredited by the CACB-CCCA

Begin the process of lifelong learning in a trichural program that is unique in Canada and build a portfolio of exciting and innovative design-build projects. Experience a distinctive architecture program, which highlights design and culture for Northern Ontario with an emphasis on design expertise in the use of wood and other sustainable materials. Focus on design, culture, technology, and professional practice. Challenge your creativity through the integration of practical building solutions for northern climates, considering cultural sensitivities, diverse histories, and community profiles.

**Degree options**

• Bachelor of Architectural Studies (4-year)

**Supplementary program requirements**

• Portfolio (webinar and portfolio guidelines at laurentian.caarchitecture must demonstrate creative work, either in digital or hard-copy format)

• One- to two-page statement of interest (students will elaborate on their interest in architecture as well as their choice of Laurentian University).

**Key features**

• This program is fully accredited by the Canadian Architectural Certification Board (CACB-CCCA)

• Design-Build and Community-Design projects expose students to real community issues and hands-on building experience.

• Design-Build projects include the design and construction of structures such as ice stations, canoes, saunas, and other northern artifacts.

• At Laurentian, students develop an appreciation for the integration of Indigenous and natural materials in building and site design, as well as cultivate an understanding of the importance of collaboration and interaction with other students, faculty, and community groups.

• Strongly rooted in an innovative 28-week co-op education model, the first work-term in the architecture program takes place in industry and research, while the second work-term takes place in an office for architecture or a related design field.

• Benefit from international travel opportunities to countries such as Germany and Norway to study wood construction and design culture in other locations.

• Learn to work with northern communities and help shape your own community upon graduation.

• Unique learning experiences.

• Extensive practical applications through Design Studio.

• Ongoing Design-Build and Community-Design projects.

• Design Studio, electives and work term experience offered in French.

• 28-week (two 14-week placements) paid co-op internship experience.

**BEHAVIOURAL NEUROSCIENCE, B.Sc.**

Study the relationships that exist between behaviour and the structural, chemical, and electromagnetic organization of the brain. Study a key discipline that strives to relate all aspects of behaviour, experiences, and feelings to changes in the chemistry, cell activity, and physics of the brain. Understand why abnormal changes in the physical properties of the brain are responsible for many psychological and social adaptation problems and why some changes can produce special behaviours, such as unique talents. Enjoy a program that is designed to meet the growing demand for scientists and technicians with a broad knowledge of both behavioural and biochemical sciences.

**Key features**

• Opportunity for third-year students who display exceptional dedication and skill to work on research laboratories on cutting-edge neuroscience projects.

• Research publication opportunities at the undergraduate level.

• All students must complete a fourth-year thesis.

• Emphasis on a broad range of topics, from understanding behaviour to the complex molecular biology of the junctions between nerves and muscles.

• Program prepares students interested in studying human behaviour with neuropsychological perspectives.

• Program is designed to meet the growing demand for scientists and technicians with a broad knowledge of both behavioural and biochemical sciences.

• The courses required in this program correspond with admission requirements to medical schools and biomedical and psychology graduate programs.

**Sample career outcomes**

• Research in Neuroscience, Biology or Psychology

• Graduate studies

• Professional schools (medicine, dentistry, etc.)

• Education

**Language:** English (some courses also offered in French)

**Degree options**

• Bachelor of Science in Behavioural Neuroscience (4-year)

• Specialization in Behavioural Neuroscience

**BIODIVERSITY, B.Sc.**

4-year program accredited by the Canadian Society for Chemistry (CSC)

Make a difference in the fields of medical research, genetic engineering, biotechnology, forensics, and many others with a degree in biochemistry. Do you see yourself working as a scientist in a role that makes a difference? With biochemistry, you can help create safe drugs and vaccines, help forensic teams solve crimes through DNA analysis, improve agriculture, develop new and improved diagnostic tests and much more. Study the structure and properties of molecules at the core of life itself. Learn the fundamentals of biochemical principles and practical techniques that you can apply in a wide range of industries, and across many different professions.

**Key features**

• The 4-year program is accredited by the Canadian Society for Chemistry (CSC).

• Become involved in research projects with professors and scientists on campus, at the Health Sciences North Research Institute or the Northern Ontario School of Medicine.

• Lab sessions in newly renovated spaces provide a hands-on approach to instrumentation.

• Small classes provide unique opportunities (e.g. paid teaching assistantships, one-on-one instruction during labs, use of research-grade equipment).

• Participate in the co-op program to gain paid work experience in your field during your studies.

**Sample career outcomes**

• Research and development

• Clinical biochemistry

• Professional school (dentistry, medicine, optometry, veterinary medicine, pharmacy, etc.)

• Laboratory management

**Language:** English/French

**Degree options**

• Bachelor of Science in Biochemistry (4-year)

• Specialization in Biochemistry

• Major in Biochemistry

**BIOMEDICAL SCIENCE, B.Sc.**

(LAURENTIAN UNIVERSITY – FOR ALL THE RIGHT REASONS)

This program provides a strong background in areas relevant to medicine within the field of biology. Students can pursue combined degrees in other disciplines such as psychology, anthropology, etc. Courses include human anatomy and physiology, cell biology, biochemistry, microbiology, genetics, histology, and development biology. In addition, students can choose a second major from the Social Sciences or Humanities, and from other disciplines.

**Key features**

• Gain over 700 hours of practical, hands-on laboratory experience.

• Starting in the first year, students are provided opportunities to engage in hands-on learning in labs.

• Students may also engage in research activities under the supervision of professors from Laurentian University, the Northern Ontario School of Medicine, and Health Sciences North.

• The specialization in Biomedical Science provides students with a wide variety of career paths and students who are highly motivated for careers in the biomedical field will do very well in this program.
COMPUTER SCIENCE, B.Cosc.

Apply your knowledge to solve complex problems through computer-based applications. Study a wide range of subjects from computing theory and math to cutting-edge developments in robotics, computer vision, intelligent systems, bioinformatics, and other exciting areas. Learn the fundamentals of computer science such as high-level programming languages, discrete mathematical structures, data structures, the UNIX operating system, database programming, programming in C++, and assembly language. Further focus on your area of interest such as computer organization, software engineering, programming languages, operating systems, etc.

Key features

• Take control of your career by specializing in areas that you are passionate about.
• Choose from many areas of computing such as theory, programming languages, computer organization, operating systems, digital design, systems analysis, computer networks, algorithm design and analysis, artificial intelligence, database, computer graphics, software engineering, video game design, and human computer interaction.
• Three-year programs lead to a Bachelor of Arts or Science in Computer Science, alone or combined with math or another subject.

Sample career outcomes

• Systems analyst
• Consultant
• Database design and implementation
• Video game design

Language: English

Degree options

• Bachelor of Computer Science (4-year)
• Specialization in Computer Science (B.Cosc.)
• Specialization in Game Design (B.Cosc.)
• Specialization in Computer Science with a Major in Mathematics (B.Cosc.)
• Major in Computer Science
• Major in Game Design
• B.A. 3-year or B.Sc.-3 year with Concentration in Computer Science
• Minor in Computer Science
• Minor in Game Design
• Co-op Option

Home to the Chemical, Mechanical and Mining Engineering programs and located in the state-of-the-art Cliff Fielding building, the award-winning Bharti School of Engineering also offers graduate programs with a focus on mining, mechanical, mechanical, mechatronics, chemical and process engineering, as well as bioprocesses and extractive metallurgy. For additional information about the Bharti School of Engineering, please visit www.3.laurentian.ca/engineering.

Sample career outcomes

• Mineral exploration and mining geology
• Volcanic and natural disasters monitoring
• Geophysical consulting
• Science communication and teaching

Degree options

• Bachelor of Science in Earth Sciences (4-year) – Specialization in Earth Sciences
• Bachelor of Science in Earth Sciences (3-year) – Concentration in Earth Sciences
• Minor in Geology

ENGRIEERING, B.Eng.

Chemical, Mechanical and Mining Engineering programs are accredited by the Canadian Engineering Accreditation Board (CEAB)

Help solve common problems in your community with your inventions and innovation in science and technology. Become part of an organization of professionals with a rich history. Answer the call to be an engineer and work toward a common goal. Choose your area of focus from three degrees: chemical, mechanical and mining engineering. You can also choose to pursue the first two years of a civil engineering program. Study at the Bharti School of Engineering and benefit from a growing reputation and enrolment. Take advantage of a strong, supportive network of employers willing to offer hands-on experience.

Key features

• Participate and stand out in one of many engineering events designed to highlight talented and hard-working individuals.
• Benefit from post-graduation employment rates that have consistently outpaced the provincial trend.
• Take part in co-op program to gain hands-on experience with opportunities to work within a strong network of local employers.

Sample career outcomes

• Engineering consulting
• Robotics
• Mining technologies
• Research and development

Language: English
Degree options
- Bachelor of Engineering in Chemical Engineering (144 credits) (CEAB accredited)
- Option in Environmental Sustainability
- Option in Extractive Metallurgy
- Bachelor of Engineering in Mechanical Engineering (144 credits) (CEAB accredited)
- Option in Mechatronics
- Bachelor of Engineering in Mining Engineering (144 credits) (CEAB accredited)
- Co-op Option

Co-operative Education
The optional co-operative (Co-op) component is a plan of work integrated learning where students, starting in the second year that put their academic knowledge into action through two paid discipline-related work terms. Work terms begin at the end of the second year for a period of four months (April to August of the same year). After completing third year, the student will undertake a placement of 16 months from April to August of the following year. The student will then return to complete one full year of academic study.

N.B. Co-op placements are competitive and therefore, not guaranteed.

Program accreditation
Our Mechanical, Mining and Chemical Engineering programs are accredited by the CEAB. For more information, visit engineeringcanada.ca/eper_accreditation.cfm

CHEMICAL ENGINEERING, B.Eng.
Accredited by the CEAB
Learn from the best as you combine physical and life sciences with applied mathematics to transform the world as you know it. Become part of an organization of professionals with a rich history at the Bharti School of Engineering. Answer the call to be an engineer and work toward a common goal. Study and work with professionals in one of the most productive and fertile geological regions in the world. Learn about dynamic modelling, control algorithm development, engineering materials, manufacturing and mechanical design, microprocessor programming, fluid mechanics and heat transfer. Tailor your coursework to specific areas of interest or choose to specialize in the area of mechatronics.

Key features
- Benefit from access to a fully equipped machine shop allowing you to integrate hands on into your studies and increase your employability.
- Gain valuable engineering work experience through paid internships by participating in the co-op education program.
- Join student-driven teams working on the design, analysis and fabrication of projects such as off-road vehicles and planetary exploration rovers for participation in international competitions.

Sample career outcomes
- Mechanical Design
- Project management
- Aerospace
- Defence/Military

Language: English

Degree options
- B.Eng. in Chemical Engineering – General Option (CEAB Accredited) (144 credits)
- Co-op Option (competitive)

MECHANICAL ENGINEERING, B.Eng.
Accredited by the CEAB
From robots to high-speed trains, work collectively toward the betterment of society by designing new machines, devices, and processes. Apply your problem-solving skills to diverse areas such as robotics and automation, heating and ventilation, biomechanics, transportation, energy production and conversion, and many more. Learn about dynamic modelling, control algorithm development, engineering materials, manufacturing and mechanical design, microprocessor programming, fluid mechanics and heat transfer. Tailor your coursework to specific areas of interest or choose to specialize in the area of mechatronics.

Key features
- Benefit from access to a fully equipped machine shop allowing you to integrate hands on into your studies and increase your employability.
- Gain valuable engineering work experience through paid internships by participating in the co-op education program.
- Join student-driven teams working on the design, analysis and fabrication of projects such as off-road vehicles and planetary exploration rovers for participation in international competitions.

Sample career outcomes
- Mechanical Design
- Project management
- Aerospace
- Defence/Military

Language: English

Degree options
- Bachelor of Engineering in Chemical Engineering (CEAB Accredited) (144 credits)
- Option in Environmental Sustainability
- Option in Extractive Metallurgy
- Co-op Option (competitive)

FORENSIC SCIENCE, B.Sc.
Accredited by the Forensic Science Education Programs Accreditation Commission (FEPAC) of the American Academy of Forensic Sciences (AAFS)
The first in Canada to offer FEPAC-accredited degrees, the Laurentian Forensic Science program’s guiding principle is that it is best to ‘learn by doing’. Emphasis is on ‘hands-on’ experience in the theory and practice of forensic science. A degree in forensic science may be best thought of as a degree in basic science with a forensic theme. Students generally focus on aspects of chemical or biological science and are introduced to the application of these principles to forensic casework. Finally, students take part in research-intensive courses, where they apply their knowledge to forensic problems, while working with professionals in the field.

Key features
- One of only two FEPAC-accredited programs in Canada.
- Dedicated laboratories using modern technological processes.
- Unique laboratory opportunities available for undergraduate research.
- Sample career outcomes
- Forensic scientist (forensic anthropologist, forensic DNA scientist, forensic toxicologist, forensic chemist, forensic odontologist, forensic psychologist)
- Forensic identification officer
- Law enforcement
- Laboratory technologist

Language: English

Degree options
- Bachelor of Science in Forensic Science
- Specialization in Forensic Science (FEPAC Accredited)
- Combined Specialization in Forensic Science and Chemistry (FEPAC Accredited)
- Combined Specialization in Forensic Science and Biology (FEPAC Accredited)
- Minor in Forensic Science
- Certificate in Forensic Identification
Sample career outcomes
- School of Pharmacy
- Pharmaceutical industry
- Drug design and development
- Patent agent

Language: English

Degree options
- Bachelor of Science in Pharmaceutical Chemistry (4-year)
- Specialisation in Pharmaceutical Chemistry/Accredited by CSCh

**ZOOLOGY, B.Sc.**

Explore the fundamentals of animal biology. This specialization focuses on animal diversity and physiology, along with the changes that occur in animal settings. Come and study animals and their tactics to survive in current environmental contexts.

Whether you’re interested in a specific class of the animal kingdom, such as mammals or reptiles, or you want to learn about evolutionary principles or wildlife management, this program will meet your needs. What’s more, there is no better place than Sudbury to study environmental degradation and rehabilitation, where the city’s regreening initiatives have been recognized by UNESCO.

Key features
- One of only two Zoology programs offered in Ontario.
- Gain over 700 hours of practical, hands-on laboratory experience in the field in one of the most famously environmentally rehabilitated cities in North America.
- Use the program’s flexibility to pursue your areas of interests such as mammals, reptiles and frogs, fisheries biology, evolution, wildlife management, etc.

Sample career outcomes
- Provincial and federal wildlife agencies
- Science communication
- Wildlife rehabilitation

Language: English

Degree options
- Bachelor of Science in Zoology (4-year)
- Specialisation in Zoology

The Goodman School of Mines serves as the gateway to Canada’s Mining University, Laurentian University. It is your one-stop access point to the most comprehensive mining education available in Canada, with an extensive array of undergraduate- and graduate-level programs, training and research the full mining cycle.

For additional information about the Goodman School of Mines, please visit goodmanschoolofmines.laurentian.ca.

**CERTIFICATE OF BILINGUALISM**

Students who achieve at least 15 credits in each language – English and French – during their university studies at Laurentian can earn a Certificate of Bilingualism. See page 17 for more details.

**CERTIFICATES**
- Anishnabemowin Land-Based Immersion
- Environmental Chemistry
- Family Life Studies and Human Sexuality
- Forensic Identification
- Gerontology
- Graduate Teaching
- Indigenous Interdisciplinary Studies
- Intervention auprès des femmes
- Social Research Methods

**DOCTORAL DEGREES**
- Biotechnology (PhD)
- Boreal Ecology (PhD)
- Engineering Science (PhD)
- Human Genetics (PhD)
- Human Studies and Interdisciplinarity (PhD)
- Materials Science (PhD)
- Mineral Deposits and Precambrian Geology (PhD)
- Rural and Northern Health (PhD)

- Education (B.Ed. certificat hybride)
Glossary

Undergraduate Studies – Studies at the postsecondary level, typically for the achievement of a bachelor’s degree.

Graduate Studies – Studies at the post-undergraduate level, typically for the achievement of a master’s or doctoral degree.

Bachelor’s Degree – An undergraduate program that covers a major area of study and that typically takes four years to complete.

Master’s Degree – A graduate level program that follows the undergraduate degree and focuses on a particular area within a field of study. Typically, this one to two-year program consists of a thesis or capstone project.

Doctoral Degree – The most advanced degree that symbolizes the mastery of a specific area of study or field of profession, it involves a major research project or dissertation. It typically takes several years to complete.

Full-time status – Enrollment in 18-30 credits per academic year.

Part-time status – Enrolled in a minimum of 3 credits to a maximum of 15 credits per academic year.

3-credit courses – Courses that run for a single semester (i.e. September to December or January to April)

6-credit courses – Courses that run for a full academic year (i.e. September to April)

BA – Bachelor of Arts
BAS – Bachelor of Architectural Studies
BBA – Bachelor of Business Administration
H.B.Com., SPAD – Honours Bachelor of Commerce in Sports Administration
B.Cosc. – Bachelor of Computer Science
B.Ed. – Bachelor of Education
B.Eng. – Bachelor of Engineering
BPHE – Bachelor of Physical and Health Education
B.Sc. – Bachelor of Science
BScN – Bachelor of Science in Nursing
HBSW – Honours Bachelor of Social Work

3-Year Degree – requires a minimum of 90 credits
4-Year Degree – requires a minimum of 120 credits

Certificate – Requires 30 credits within a distinct field of study.

Concentration – A way of enhancing your degree by selecting a group of courses that are thematically related and requires a minimum of 36 credits within a distinct field of study.

Major – Indicates a specialization by completing a minimum of 42 credits concentrated on one specific field of study.

Minor – Indicates a small area of concentration by completing a minimum of 24 credits in a specific field of study.

Specialization – Indicates a higher degree of specialization in a subject area by completing a minimum of 60 credits concentrated on one specific field of study.

IMPORTANT DATES

ONTARIO UNIVERSITY FAIR (OUF)
October 1 and 2, 2022
Meet and chat with Laurentian University students, staff, and faculty at the Metro Toronto Convention Centre!

Find us at booth #3!

OPEN HOUSES
Saturday, October 22, 2022
THE Laurentian University event to attend; you will discover the facilities and learn every detail about what academics and student life are like as a Voyageur!

Saturday, March 11, 2023
Kick off March Break with a preview of what to expect as a first-year student at Laurentian!

Get all the details at: laurentian.ca/explore

MARCH BREAK TOURS
Monday, March 13 to Saturday, March 18, 2023
Make the most of your March Break and drop in for a visit, tour or with your questions. We are here for you! Visit us at laurentian.ca/explore for all of the details.

PARENTS’ NIGHT
November 29, 2022 (English virtual event)
November 30, 2022 (French virtual event)
December 6, 2022 (French in-person event)
December 7, 2022 (English in-person event)

SCHOLARSHIP, BURSARY AND OSAP APPLICATION DEADLINES
March 1, 2023
Scholarships and bursaries application deadline

June 19, 2023
OSAP recommended date to submit your Fall/Winter application (and all required documents) to receive funds at the beginning of the Fall term

DEADLINE TO ACCEPT YOUR OFFER
June 1, 2023
101 (high-school) student deadline to accept an offer of admission to Laurentian

RESIDENCE APPLICATION DEADLINE
June 2, 2023
Residence application deadline

MOVE-IN!
August 31 – September 2, 2023
Pack your bags! It’s time to make your way to Sudbury and move into your new digs!

FIRST DAY OF CLASSES: September 6, 2023

Looking forward to meeting you!
Join us virtually or in person! Get all the details at:
laurentian.ca/explore  info@laurentian.ca

For detailed information on our programs consult:
laurentian.ca/undergraduate-programs

Find and follow us:
