Policy for Cage Card Identification

The Animal Care Committee requires the use of cage cards for proper identification of animals in accordance with the Guide for the Care and Use of Laboratory Animals.

The following information is REQUIRED:

1. Protocol number
2. Investigator's name, phone number and email
3. Species
4. Source (vendor or other)
5. Alternative contact person's name, phone number and email if applicable
6. Date of receipt of animal / age at arrival
7. Sex & strain of animals
8. Identification of each animal in cage
9. When animals are removed from a cage, change the number of animals left on the cage ID card.
