

PARTICIPANTS WANTED FOR STUDY

Do you have a story to tell about working with Children's Services and providing supports for your family?

We are looking for immigrant and refugee families to share their experience.

- Has your family been in contact with Children's Services and supported by a community worker? This worker is often from your own ethnic background and helps with culture and language and provides family support to you (this worker may be called Multicultural Health Broker).
- Are you 18 years old or older?
- Have you lived in the Edmonton Region for more than one year?
- Would you be willing to share your story so other families can learn from your experiences?

If yes, we would like to speak with you. Date and time to be arranged with you.

Your personal information will be kept confidential and you will receive \$30 in appreciation for participation in this interview. To share your story, please contact: Community-Based Research Assistant Stephanie Fernandez at 587-760-3085 Ext 12 Email: (sf2@ualberta.ca) OR Research Assistant, Ron Karnjanavijaya Tel: 587-760-3082 Email: karnjana@ualberta.ca OR Dr. Sara Torres. Tel: 1-800-461-4030 ext. 5034 Email: storres@laurentian.ca.
